FUNERAL OF MR. TROY.

A Good Man Laid to Rest—Attestations of Esteem.

Yesterday afternoon at five o'clock another sad funeral occasion was participated in at West Market street church, the funeral of Rev. R. P. Troy, whose death was noticed in these columns Saturday afternoon. The attendance was estimated at about a thousand, showing the high esteem in which deceased was held.

The funeral services were conducted by the Pastor, Rev. Dr. Rowe, assisted by Rev. Dr. L. W. Crawford, Rev. T. A. Smoot, Rev. Dr. E. W. Smith of the Presbyterian chnrch, Rev. J. R. Jones of the Friends church, all of these ministers, representing four denominations, taking part. Dr. Rowe read as a text "For he was a good man." These words were especially appropriate in Mr. Troy's case. The words "he was a good man" were the most natural that fell from the lips of any who knew him when they learned of his death.

Rev. J. R. Jones made a few appropriate and touching remarks, telling of his helpful association with Mr. Troy, and their agreement made some years ago that on the death of either of them the other should attend his funeral.

Rev. R. P. Troy was a brave captain in the Confederate army. After the war he engaged in teaching as a profession, and many of his old students were present at his funeral. In 1883 he joined the conference, having been a local minister for some years. He went from the pastorate of Littleton circuit to the presidency of Murfreesboro Female college, which position he held until the college was destroyed by fire. He was particularly powerful in protracted meetings and under his ministry "much people was added unto the Lord."

Two or three years ago he was stricken with paralysis and since that time has not been able to engage in active work though the fire still burned in his heart, and he has preached a number of times His wife was Miss Ella Bumpass, daughter of the sainted Aunt F. M. Bumpass, and a sister of Rev. R. F. Bumpass, presiding elder of the Wilmington district. Six children and his devoted wife survive him, one son, Melville P. Troy, being now in Cuba, in the army service.

Mr. Troy was one of a family of ten children, seven of whom are living and all were at the funeral except one brother living in Tennessee.

We might write columns about Mr. Troy's many beautiful and shining virtues, and not tell half. His friends already know them better than our feble pen can describe them.

"He was a good man."

No higher or more deserved tribute can be paid to any man.

In Greene Hill cemetery his tired body will rest until the final morn in the time of the resurrection, and loving eyes will watch his grave and tireless hands will keep it green while the memory of his holy and consecrated life will live to bless thousands who have known him and who will never, perhaps, see his last resting place.

Peace to his precious ashes.

Death of Mr. N. A. Jeffries.

The death of Mr. N. A Jeffries occurred at 9:30 o'clock yesterday morning at his home, corner Walker avenue and Mendenhall street. Mr. Jeffries had been suffering for several weeks with acute dysentery, growing gradually weaker from day to day. He was 58 years old and a highly respected citizen. He was the father of ten children, among whom are Policeman Jeffries, and M. S. Jeffries and Mrs. J. C. Montgomery.

The funeral services were conducted at 4 o'clock this afternoon from the late home and the remains interred in Green Hill cemetery.

Mother Goose's Message.

Kind editor of the Telegram, who has always been our friend:—Will you plesae tell everybody, young and old, that Mother Goose and all her charming people, will hold a reception with us Thursday afternoon and evening and we extend a most cordial invitation to all to meet in person those who have beguiled and still do, many otherwise weary and useless hours. Inviting.

Will H Matthews & Company, the one price cash clothiers, are doing their part to make the State Firemen's Tournament and Guilford County Industrial Exhibit a success. They have printed on all their stationery the following invitation, in red ink: "Come to Greensboro during the gala week and make our store your headquarters while here." Matthews & Company are always at the front.

ANOTHER AMERICAN KILLED

And One Wounded in the Philippine Islands.

CALIFORNIANS COMING HOME

Otis Now Has Thirty-Five Thousand Men at His Command—No More Volunteers Yet.

By Cable to the Telegram

Manila, July 3—A report received of an outbreak upon the island of Negros incident to the departure of the California regiment for home says that some hostile natives, seeing a company of soldiers at one of the small posts preparing to depart, thought the Americans were evacuating the Islands and a party of insurgents, numbering 250, mostly Bolomen, attacked the troops, killing one man and wounding another, both of Company E. The Filipinos were easily driven off. The transport Sherman will bring the Californians to Manila before starting to San Francisco. The transport Grant will soon embark with the Colorado regiment.

AT OTIS' COMMAND.

Washington, July 3—It is positively stated today that no call has been made for 15,000 volunteers, and that there is no immediate prospect of such action. However, there are now practically 35,000 men at Otis' command, whenever he wants them.

A FURIOUS SPANISH MOB.

Storms Churches, Shops, and Creates General Disturbance.

By Cable to THE TELEGRAM.

Barcelona, July 3—An angry mass meeting was held here yesterday and violent speeches were made and resolutions passed demanding the release of the anarchists confined in the prison here After the meeting there was a street fight between the mob and the police. A Jesuit convent was stoned, and the crowd, after leaving a bull fight, attacked a party of monks just returned from the Philippines. The police rescued the monks, and the mob then swarmed throughout the town, storming churches, street cars and shops. The shops were closed and troops continued to patrol the town, but were unable to suppress the demonstrations. The mob is still riotous.

A few of the larger brokerage houses will open for a short time. A large part of Wall street presents a holiday appearance, although the banks and sub-treasury are as usual.

By Wire to THE TELEGRAM.

New York, July 3—A three-story, furnished-room house on Market street was burned this morning. One man was killed and a number injured. A woman and her children were penned in the flames and there were many thrilling rescues. One lodger, with his clothes ablaze, ran into the streets to the river and plunged in.

Thacker & Brockmann.

THOSE "SERIOUS CHARGES."

Source of Information on Which Publication Was Made.

In the item in this paper last Saturday with reference to charges being brought against Mr. S. L. Trogdon, it should have appeared that the information was taken from a Winston-Salem special to the Raleigh Morning Post. From the item referred to it might be inferred that an investigation was going on in Greensboro, when the fact is there is nothing of the sort, and it appears that there is no foundation in fact for what has been said. The last paragraph in said item was written by a reporter, not from an interview with Mr. Trogdon, but from a statement made by him in conversation with others. It is useless to say that the Telegram had no thought of doing Mr. Trogdon an injustice or of publishing anything that would in any way reflect on him either in his official capacity or as a private citizen, without giving the source of the information, and it is for this reason that we refer to the matter in this issue.

It seems that the report comes from Wilkes county that certain notices have been sent out by him in cases that had been settled or nol prossed. The report bears a lie on the face of it when it says that "two women were required to travel fifteen miles on a capias charging that they failed to attend the last court," etc., when, as a matter of fact, a capias is never issued for a witness. The editor of the Telegram called on Mr. Trogdon today, and from the books it appears that there are no female defendants in cases from Wilkes in which capiases have been issued. There is absolutely nothing on the books to show that Mr. Trogdon has been guilty of anything to warrant the publication of such charges. Mr. Trogdon bears a character among those who know him best that is above the slightest suspicion, and the Telegram believes there is a grievous error here somewhere, and that when the matter has been investigated it will be shown that he has done nothing which was not in the line of his duty and that was not fully warranted. Again, we regret that this paper should have given publicity to the report without an emphatic statement at the time that we believed him entirely innocent of the charges made against him.

THE ELM BEETLE

Appearing In Alarming Numbers and Devastating Trees.

The elm beetle, the insect mentioned in the Telegram some time ago as destroying a number of fine elm trees in the city, continues its work of devastation with an ever increasing fury. The insects have laid bare the limbs of a number of the most beautiful English elms in the northwestern part of the city and have now taken to the native elms and some of these have also been stripped of their leaves.

Property owners who have these desirable shade trees around their residences, are becoming much worried over the appearance of the pest and it is probable that the board of aldermen, at its next meeting, will be petitioned to take some action to exterminate it.

The beetle increases in numbers rapidly and unless stopped it is feared that all elm trees in the city will be ruined.

Crash, Bang, Zip.

The zip was when the fly stung the horse, the bang was when the horse fired back at the dash board and lit straddle the pole, the crash when the horse after balancing himself on the pole for a moment took a header and went rolling over on his back in the dust.

The above took place on the road to the Battle Ground yesterday while four young men were out driving, but the fact that three of the younger ones were dressed in new comfortable crash suits, the casualties stopped with the horse. Rankin, Chisholm, Strond & Rees handle the kind of crash that these young folks were wearing. See their ad today.

Mr. Sneed To Leave.

Mr. J. B. Sneed, special agent for the Mutual Benefit Life Insurance Company of Newark, N. J., leaves tomorrow for Richmond, Va., which place will in the future be his headquarters. Mr. Sneed has been in Greensboro for the past six years, during which time he has been eminently successful and has made many friends, who regret exceedingly to see him leave. His departure is made necessary by the refusal of his company to domesticate, in compliance with the Craig law passed by the last legislature.

At The Dispensary.

Carpenters are still at work in the Greensboro dispensary and the place is being fitted up very attractively. Shelves and counters are being put in at the front. Manager Bouldin is running things smoothly and the dispensary, though business is good, is as quiet a place as a common store.

THE PERSECUTED DREYFUS.

Confident of His Acquittal By The New Court-Martial.

VISITED BY HIS COUNSEL

The Meeting Most Touching. The Lawyers Impressed at Dreyfus' Appearance.

By Cable to THE TELEGRAM.

Rennes, July 3—Dreyfus is confident of his acquittal by the new court-martial. He is taciturn toward the guards and prison authorities.

VISITED BY HIS COUNSEL.

Rennes, July 3—Motre, Labor and Demange, the counsel of Dreyfus, visited him in the military prison this morning. The scene was most touching. Dreyfus, with his voice choked with emotion, expressed his gratitude to his counsel. Then he was given a general review of all that has happened since he was sent to Devil's Island.

THE GOOD ROADS FUND.

Subscriptions Should Not Stop—The Scheme Popular.

The good roads scheme devised by our progressive townman, E. P. Wharton, seems to meet with favor everywhere it is read. But are the people of Greensboro and Guildford county working as they should to put the scheme into practice.

Business man, citizen, farmer, you should not neglect this as every man in Guilford county will be benefitted by the making of good roads.

The Asheville Gazette of Saturday contains the following:

Guilford county is going to have good roads. Citizens and business firms are joining the good roads club organized at Greeensboro and signing the following: "We, the undersidned, agree to subscribe the amount opposite our names for each mile of road to be macadamized outside of the city limits in the county of Guilford for the first forty miles to be built, to be paid to the county commissioners as the work progresses." The subscriptions at $5 a share for each mile—each share thus costing $200—now amounts to $6,600.

TROOPS IN SAN FRANCISCO.

Many Yet Remain Awaiting Transportation to the Philippines.

Washington, July 1—The war department was advised today by General Shafter that there were a number of troops remaining in San Francisco after the depart re of the Pennsylvania. General Shafter says there will remain awaiting transportation to Manilla headquarters and four companies of the Twenty-fourth infantry, consisting of fourteen officers and 512 men; troops D and H, Fourth Cavalry, consisting of five officers and 156 men, and 2,891 recruits, with thirty-two officers. The City of Para will take the Twenty-fourth infantry and Fourth cavalry in addition to an engineer company from New York. Regarding the recruits General Shafter reported 1,000 of the 2,891 are well prepared for service. The balance, he thinks should be kept for a short time yet for drill and target practice to make them more efficient for service in the Philippines.

Strike at Homestead.

Pittsburg, July 1—As a result of the discharge of members of the Amalgamated Association by the Carnegie Company, another strike was begun today at the Homestead Steel Works About 500 skilled workmen are out, and both sides are playing a waiting game. The town is quiet. The Carnegie Steel Company furnished the following statement:

"With reference to a reported strike last night at the Homestead Steel Works, it was stated in the office of the Carnegie Steel Company this morning that the mills were running full during the night and were running full this morning, and that none of the employes left the works during the night as was reported. A number of workmen have been discharged, including a committee which waited upon Superintendent Corry yesterday to request reinstatement of men previously discharged for cause. The plant will close down at noon today as usual on Saturday."

Given Away.

It looks like extravagance to throw them away. We have no further use for them, and if you will call at our store we will give you one or more, they are handy to most housekeepers, in fact a nice shirt box is handy to lots of people.

No Paper Tomorrow.

Pursuant to established custom the Telegram will observe the nation's birthday tomorrow by taking holiday, therefore there will be no paper issued from this office.

The patriotic bicycle girl wears red, white and blooomers.

TARS WILL CELEBRATE.

The Brooklyn to Remain Until After Schley Victory Day Anniversary.

New York, July 1—Owing to the amount of publicity given to the report that the navy department would order the Brooklyn to sea to forestall the celebration of Schley day in Brooklyn the department will allow the cruiser to remain and the celebration will take place. There was great rejoicing among the men when it became known that there was to be no interference with the program for the celebration, to which the tars have subscribed several dollars each. There is little doubt, however, that but for the clamor that was made in Washington over the reported order concerning the Brooklyn, the innocent celebration by the tars would have been prevented. No information is being given out in the navy yard as to the invitations received or declined. A special from Washington says:

The official order promulgated today at the instance of Secretary Long disposes finally of the plan conceived by the enemies of Admiral Schley to prevent the third of July celebration of the Brooklyn's crew, at which Admiral Schley is to be guest of honor.

It is admitted today that orders were prepared by Crowninshield directing the Brooklyn to sail for Newport July 2. As soon as the attention of Secretary Long was directed to the matter he cancelled the orders.

Funeral of Mrs. Withrow.

Contributed.

The funeral of Mrs. Withrow will be in St. Matt. M. E. Church tomorrow, 3 o'clock p. m.

Mrs. Withrow was the wife of Rev. C. I. Withrow, sister-in-law to Dr. J. D. Chavis, president of Bennett College. They both graduated from Bennet College some years ago, entered the ministry in N. C., but four years ago Mr. Withrow was transferred to Washington conferece and is stationed in Pittsburg, Pa., where his wife died Saturday. She is the daughter of a highly respected colored family in Randolph county, David and Lucinda Dorsette.

A DISINGENUOUS EXCUSE.

The Portland, Me., Express, though a republican paper and very bitter and sectional, is most pronounced in its opposition to the imperial policy of the Washington administration. We extract the following from a recent clear and forcible editorial in the Express:

The effort to put the blame on the opponents of expansion for the continuation of the war in the Philippines is a childish one. If the war had been vigorously prosecuted by the expansion administration it would have been a dead issue long before this time. Those who believe that the islands are not worth all that we are expending for them, would have been long since silenced if their conquest had been accomplished speedily, as we must believe might have been done, with the power of the entire United States government brought to bear to that end. * * * The blame for the continuation of the war must fall where it belongs, and that is upon those who have been prosecuting it with a mistaken notion of the strength of the enemy.

The endeavors of the expansionists to saddle the blame for the long-continuance of the war upon the opposers of the colonial scheme of the government, is most disingenuous and exposes the fact that they have a remarkable poverty of excuses for the policy which is disagreeable to a vast majority of the American people.

The insurgents have had no assurance—they are not justified in expecting—that by holding out against the American arms until a change of admin'stration in the United States, they will be granted an unconditional independence. We do not think America will desert the Philippine situation at this late day without gaining back some recompense for the rash expenditures which have been required to carry on the war. But even if the Filipinos were assured that a change of administration would give them independence, they could not possibly have stood against the power of America, well directed and in sufficient force. The blame for the unpleasant situation of this government must fall where it properly belongs—upon the shoulders of McKinley and his advisers. Their weak, vacillating prosecution of the war, and their underestimation of Aguinaldo's strength and resources, cannot with any show of sense or justice be laid at the door of those who have always stood by and advocated the Monroe doctrine, in which there is peace and safety and happiness to the American republic.

The saloon loafer misses his wonted Saturday night bacchanalia with his chums over the barroom counters since the dispensary has gone into operation. With his lone bottle of corn, however, he is at liberty to stand in some sequestered spot and take as many "astronomical observations" as he wish, yet there is a hope that he may not find so much fascination in this, and that he may earlier give his wife and children the benefit of his presence and services. The dispensary fighters have certainly won a glorious moral victory for Greensboro.

Tomorrow is the glorious Fourth of July. One hundred and twenty-three years ago our forefathers were struggling on many gory fields for the God-given right of liberty. Look at us to day with our arm of conquest stretched across the Pacific ocean, a distance of six thousand miles from our shores, seeking to deprive a people of that liberty which we gained and for which tomorrow has been set aside by us for a glorious celebration.

The great influx of orders to the United States from the eastern nations simultaneously with the deliberations of the set of cranks at The Hague, argues against the so-called humanitarian results of the peace conference.

Over thirty families are reported infected with smallpox in Gates county. The county has had no health officer and no precautions have been taken to stamp out the disease.

How very lucky Gates is.

MANY CENSUS APPLICATIONS

Coming In, Although Appointments Are Nearly a Year Off.

Special to the TELEGRAM.

Washington, July 3—July 1st marked a new era in the history of the Baltimore and Ohio Railroad. After a long struggle, and period of uncertainity the road finally passed out of the hands of receivers, and the new owners have assumed control of the management. The receivers, Messrs. Cowan and Murray are receiving many congratulations for the manner in which they have successfully completed their most difficult task of bringing about this result. The road under their continued management bids fair to enter upon a season of prosperity and financial success. Two years ago, and even less the Baltimore and Ohio Railroad was considered almost a wreck, to bring about its present financial condition required heroic efforts, and untiring work on the part of the receivers. It is not too much to say that seldom, if ever has such an undertaking, with such little prospects of success, been carried to a happy conclusion.

Both Messrs. Cowan and Murray will, of course, remain in the service of the Baltimore and Ohio. Mr. Cowan assuming the duties of President of the road, and Mr. Murray those of Vice-President, and General Manager.

Among prominent public men in Washington is Hon. H. Bankhead, of Alabama, who is regarded as the leading candidate for the minority nomination for the Speakership of the next house of representatives. The prospects are that Col. Bankhead will go into the democratic caucus with more votes than any of his competitors for the honor. The other candidates are Mr. Richardson, of Tennessee, DeArmond, of Missouri, and Sulzer, of New York.

Representative Bailey will in the next Congress occupy about the same relative position towards the democracy as will be occupied by ex-Speaker Reed towards the republicans should he remain in Congress. Either of the two gentlemen could, were they candidates for the nomination of their respecti e caucuses, secure the nomination without difficulty. Some of the close friends of Mr. Bailey still maintain that they will vote for him in spite of his frequent statements that he will not be a candidate, but it is not believed that he will consent to take the nomination, which will carry with it the responsibilities of the floor leadership of the democratic party in the House.

Hon. Rodger Q. Mills, of Texas, is in the city for a few days. He is stopping at the Ebbitt House, and will return in a few days to his home in Texas. Since his retirement from the senate, it is reported that the senator has leased his estate, upon which valuable deposits of natural oil have been discovered, to the Standard Oil Company, and that it is bringing him in a good revenue. The senator says that he is out of politics, although he still feels naturally much interest in national affairs.

Judge Turner, who has been spending several days in this vicinity, visiting his daughter at Alexandria, Va., has returned to his home at Front Royal, Va. The judge visited Washington while in this section.

Applications for positions on the census force are becoming larger every day. Thousands of applications are now said to be on file, although appointments are nearly a year off.

The department of agriculture has issued an interesting bulletin upon the "Velvet Bean" which within the past three or four years has attracted much attention in the southern states. Being a native of the tropics, the bulletin says that it will only mature seed in Florida, and the lower half of the states, immediately along the gulf coast. It will probably not ripen seed north of a line drawn from Columbia, South Carolina, 150 or 200 miles back from the coast to San Antonio, Texas. Velvet Beans have been used to some extent for human food, but the agricultural department experts express the opinion, gathered from its correspondents, that they are richer and less palatable than cowpeas.

Mr. H. M Lanham, a prominent Kentucky democrat, who is visiting in Washington, predicts the election of Col. Goebel as governor.

Postmasters have been appointed in North Carolina as follows: Lewis H. York, Elk Creek, Alleghany county; Jacob F. Hambright, Grover, Cleveland county; William Underwood, Jesup, Moore county; Henry L. McRae, Montgomery, Montgomery county; Pat ie H. Perkinson, Wise, Warren county.

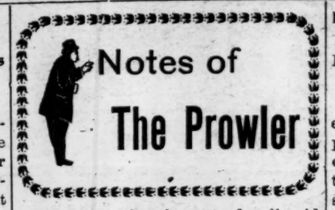
New postoffice has been established at Seaside, Brunswick county, North Carolina. George E Brooks has been commissioned postmaster.

Thomas M. Rogers has been commissioned postmaster at Glass, North Carolina.

"Bought your fireworks yet?" "No; I'm going to buy mine on the third" "Why?" "Well, they're bound to go up the next day."

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Holton's drug store.



"I went to church yesterday," said the Prowler, as he stumbled into the office at an early hour this morning, "and I heard the preacher say a good many things which were very interesting to me. He talked a good deal about rest, which is always a favorite theme with me, but it was not altogether confined to the kind of rest the average worldly man usually thinks about. The good preacher talked about that rest which is reserved for those who are finally faithful. Not the rest for a tired body; a man can lie down on his bed and secure that kind of rest, but the rest which a money king cannot buy with his millions—rest for the weary soul. Ever hear of it? Did you ever feel uneasy, despondent, with a dread anxiety hanging about you which you could not explain or understand? Did you ever sigh for something, you knew not what, after your bank account had reached the figure you had thought, years ago, would bring you complete happiness and contentment? Then go to church some Sunday, and pay close attention while the preacher tells the congregation why

'The world can never give
The bliss for which we sigh.'"

And we promised him that we would take his advice.

***

We asked the Prowler what he proposed to do tomorrow, the Fourth of July. He reflected a moment with his chin resting in his hand and said: "Well, for some years my spirit of patriotism has not registered very high. It seems that I, in common with Southern people generally, have not felt any great interest in the nation's birthday; but I am convinced now that this is all wrong. Some time ago we were treated to the spectacle of a North Carolina legislature adjourning out of respect to the memory of a dead negro. If we can stand such business as this, surely we cannot afford to stifle our patriotism any longer, and I believe I will take a day off and go up to High Point, where the Jr. O. U. A. M., who seem to be more thoroughly imbued with the spirit of patriotism than most anybody else these days, are going to have some sort of a big time, among other things to unfold the bright colors of 'Old Glory' to the July breeze. That spirit among the Juniors makes me want to join them."

And the Prowler felt in his pocket as if hunting for the price of initiation, and slowly shook his head as he walked out without saying good-bye.

"There's nothing half so sweet in life as love's young dream."

It was meant to be so when woman was ordained man's helpmeet. But it was never meant that love's dream should have so sad an awaking. It is due chiefly to ignorance that young women are so rudely awakened from the dream of love. They enter on the married state without physical or mental preparation. They are entirely unaware of the great physiological change suggested by the one word "marriage." Every young woman should be prepared for that change. There should be no neglect of irregularities. The perfect health of the peculiarly womanly organs should be the daily care. Thousands of women who entered in marriage unprepared, and passed from irregularities to debilitating drains, inflammation, ulceration and female weakness, have been altogether and absolutely cured by the use of Dr. Pierce's Favorite Prescription. This great medicine is not a cure-all, but a specific for the chronic diseases peculiar to women. It does one thing perfectly; it makes weak women strong and sick women well.

"For two years I had been a sufferer from chronic diseases and female weakness," writes Mrs. Allen A. Bobson, of 1125 Rodman Street, Philadelphia, Pa. "I had two doctors, who only relieved me for a time. My niece advised me to take Dr. Pierce's Favorite Prescription. I did, and have been highly benefited. I am now a strong woman, and can recommend Dr. Pierce's medicines to all similarly afflicted."

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

Scandal is like a mat. It can be laid at any man's door.

A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwerk; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Mrs. Hiram—"Does your new cook make any new dishes?" Mrs. Nayborlee—"No; but I wouldn't mind that if she'd only not break the old ones."

Jonathan Baker and wife have been murdered at Angels Camp, Cal., and Baker's nephew, Biggs, is missing.

Hoax—"Got dyspepsia, eh? Hot water's good for it." Joax—"Nonsense; my wife keeps me in hot water all the time, and it's only making me worse."

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

Donald Herrier was hanged at Westminster, B. C., for killing Jennie Anderson.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Wigwag—"That man contributes to the support of hundreds of people." Hojack—"Philantropist, eh?" Wigwag—"No; manufacturer of artificial legs."

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton. druggist, and get a trial bottle free, Regular size 50 and $1. ECZEMA

Itching, Burning Skin, Scales, Sores, Pimples, Red and Raw Skin, and Eruptions that Burn and Itch.

Caused by Bad Condition of the Blood. Cured by Botanic Blood Balm (B.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then B.B.B. will cure you by literally driving the bad poisoned blood out of the body, bones, and entire system, and this is the only perfect cure. Other remedies fail to cure because they fail to drive the bad blood out. B.B.B. is an internal powerful blood remedy that is meant to, and does, cure after all else fails.

HAVE YOU itching, burning, scaly, crusted, or pimply skin, blisters containing pus or watery fluid, skin red, and an itching heat, with or without sores, on legs, arms, hands, neck, or face? Then take B.B.B. which will cure you, leaving the flesh free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation, with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and neck. We have seen the ears burnt and crisped as a piece of roast meat, and the whole side of the neck a surface of raw, inflamed flesh, pitiable to behold. We know of six cases like this cured by B.B.B. during the past year (1898).

Any form of Eczema is due to diseased blood. Get the diseased blood out with B.B.B., and you are cured. B.B.B. is perfectly safe to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores discharge, and a yellow crust forms upon the skin. Give the child mild doses of B.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle, and book. B.B.B. for sale everywhere. Blood Balm Co., Atlanta, Ga.

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2.00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from
